Starting September 10, 2019

What is Girls Who Code?

GWC is a national program. We get together to learn and play with technology such as coding and more! No prior experience necessary.

Who can join?

Girls in 6th-12th grade are eligible to join. Registration is required but girls can join at any time.

Why?

Girls Who Code is on a mission to close the gender gap in technology and to change the image of what a programmer looks like and does.
