Local, certified Death Doula Karen Glass will be visiting Main Library to discuss her profession and its role in the community.

As a Death Doula, Karen has helped individuals and family navigate the Pre and After Death process for those who are terminally ill and actively dying in their personal environments, hospitals, hospice, palliative care programs, elder care facilities or personal care homes. She is an advocate of Living with the End in Mind so that we may cultivate an understanding of Living and Dying Consciously with Beauty & Peace.
