

WELCOME TO OUR NEW WEBSITE!

We're excited to announce the January launch of our new and improved website. Designed with customers in mind, the redesigned site offers improved navigation and a mobile-friendly interface.

The address remains the same – readingpubliclibrary.org – we hope you like the new look! The homepage is bigger and bolder while remaining uncluttered. You can easily see what's happening at every location as all four RPL branches are highlighted equally. The redesigned calendar filters available programs by branch location, age group, and program type.

Kimberly Servello, Reading Public Library's Marketing Coordinator, stated, "We invite you to discover our new website. It has been developed over the past year through extensive consultation with library staff and community

members. Meeting customers' needs has been our priority throughout the process. We consider our website an essential fifth branch, allowing the dissemination of vital information to all users. It is another kind of frontline commons."

DISCOVER THE "LIBRARY OF THINGS." DID YOU KNOW.....

that outdoor party planning can start at your local library? First you may want to power wash your siding and do some lawn clean up. Then brush up on your ukulele skills.

Display some sundae

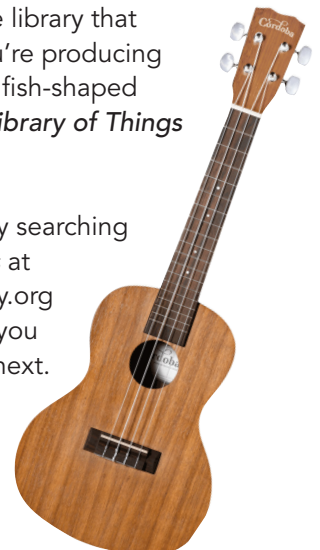

toppings alongside

the homemade ice cream maker. Set up the bocce ball, cornhole, and lawn dominoes. Enjoy the fact that you borrowed everything it takes for this outdoor fun from Reading Public Library – all for free. There are over 250 items for loan throughout the county in our *Library of Things* collection. Reading Public Library has over 30 items including the ones referenced above with the inventory growing

constantly. Every item in the *Library of Things* is free to borrow with a library card. The only thing that distinguishes them from other items in our collection is the need to be picked up and returned to the library that owns them. Therefore, whether you're producing a podcast or bird watching, making fish-shaped waffles or a Darth Vader cake, the *Library of Things* is for you.

See the complete inventory by searching *Library of Things* at readingpubliclibrary.org and decide what you need to check out next.
